The Solid Oak Co.

The Solid Oak Co. makes 100% solid European oak stair components in its own factory, for trade and project use across the UK.

We keep the range focused and the prices clear: standard sizes in two grades, priced per piece ex VAT. Cutting to your finished size is priced on request.

100% solid European oak • 40 mm treads • 20 mm risers • A/B & B/C

Why work with The Solid Oak Co.

01

100% solid European oak

Full-length solid oak staves, glued edge to edge. No finger joints, MDF core or veneer.

02

40 mm means 40 mm

The edge you see is the whole tread. Risers are a true 20 mm.

03

Clear pricing

Every standard size priced per piece, ex VAT, in both grades — no quote needed to know the price.

04

Our own factory

We make all our material ourselves — every tread and riser comes from our own factory.

05

Two grades

A/B for a cleaner, more uniform face. B/C for more natural character. Same oak, same thickness.

06

Project supply

One tread or a full staircase schedule — standard sizes, or cut to size on request, priced and delivered as one project.

Full-length solid oak staves — no finger joints.

From our warehouse

Real oak, photographed where our stair treads are prepared and dispatched, in Belgium.

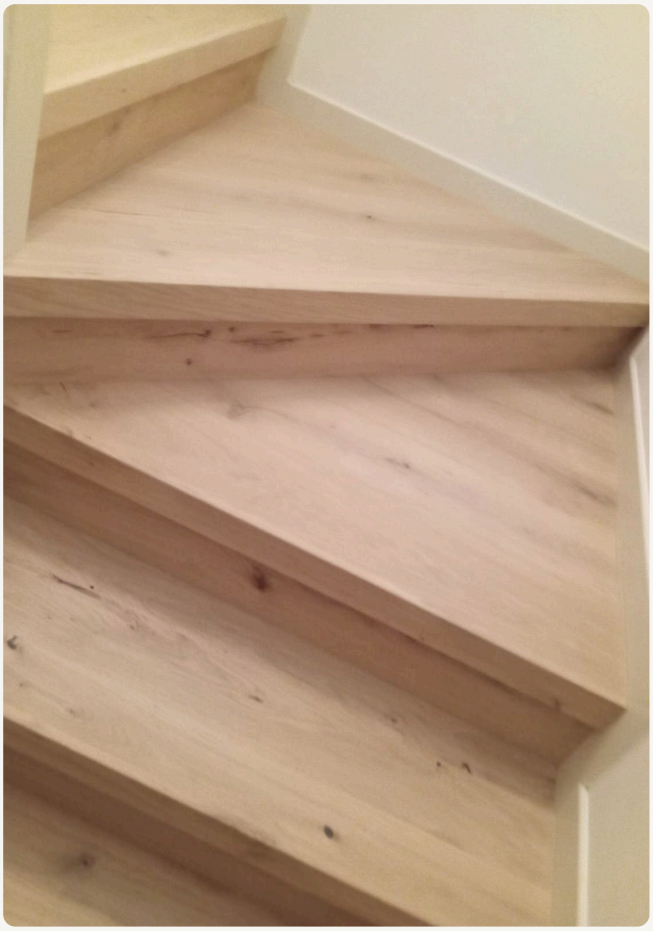

Our active stair range

40 mm stair treads

15 standard sizes
750–1400 mm long
220–320 mm deep
A/B & B/C grades · cut to size on request
